PROFESSIONAL SUMMARY

Dedicated and detail-oriented Python Developer with a Bachelor of Computer Applications (BCA) degree and hands-on internship experience in web development. Skilled in Python, Django, database management, and frontend technologies. Experienced in developing dynamic web applications, integrating frontend and backend components, and working with relational databases. Passionate about writing clean, maintainable code and continuously improving technical skills.

EXPERIENCE

Python Development Intern – Amar InfoTech, Ahmedabad

Apr 2026 – Present

Developed responsive web interfaces using HTML, CSS, Bootstrap, and Tailwind CSS.

Implemented interactive frontend functionality using JavaScript and jQuery.

Built backend functionality and web application features using Python and Django.

Performed database operations using MySQL and SQLite.

Integrated frontend and backend components to create dynamic web applications.

Assisted in developing scalable, maintainable, and reusable backend logic.

PROJECTS

Travel Management System

Django | Python | JavaScript | HTML | CSS

Developed a travel management and booking platform for exploring, customizing, and booking travel packages.

Implemented hotel, flight, and holiday package management with a user-friendly booking and trip-planning workflow.

Integrated responsive frontend interfaces with Django backend functionality and database operations.

BookSwap – Online Book Selling & Exchange Platform

Django | Python | HTML | CSS | Tailwind CSS |

JavaScript

Developed an online book marketplace supporting book discovery, selling, buying, and exchanging.

Implemented separate reader and seller workflows with authentication, profiles, dashboards, and book listing management.

Built exchange features including book condition, photos, pricing, exchange preferences, delivery, and visibility controls.

Designed a multi-step exchange listing workflow and integrated Django backend functionality with SQLite database operations.

Added responsive Tailwind CSS interfaces and support ticket functionality for platform-related issues.

EDUCATION

Bachelor of Computer Applications (BCA)

2022 – 2025

LJ College of Computer Applications

Higher Secondary Certificate (12th)

2021 – 2022

Ashadeep Vidhyalay - 1 - Surat

Secondary School Certificate (10th)

2019 – 2020

Civilize Modern Sankul – Surat

TECHNICAL SKILLS

Frontend HTML, CSS, JavaScript, jQuery, Bootstrap, Tailwind CSS, Media Queries

Backend Python, Django

Database MySQL, SQLite

Data Analysis NumPy, Pandas, Matplotlib, Seaborn, Microsoft Excel

Version Control Git, GitHub

Development REST APIs, CRUD Operations, Responsive Web Development
